The class will include lectures, class discussion, guest speakers, videos, and other instructional activities which are directly related to developing safe drivers for Nevada roadways. Driving simulators are utilized on the Carson City campus only. The course content includes Nevada driving regulations, driver responsibilities, vehicle control, vehicle maneuvers, driving in different environments, defensive driving, and driving attitude. Students must obtain an overall grade of 80 percent or above to receive a Driver Education Certificate of Completion. **No behind-the-wheel driving is offered in this class.**
