

## Administrative Program Review Action Plan

List the **Recommendations** from the **Internal Reviewers**, **External Reviewers**, and the **Program Review Team** in relation to the **Program Goals**.

The **Review Team Response (Action Plan)** states how program faculty and staff plan to act on the recommendations.

The **Administrative Response** can state agreement or disagreement with the proposed actions or suggest changes to the action plan.  
**TECH PREP PROGRAM – 9/15/2010**

Have at least one TP course in HS program of study (POS).	[P] Number of TP agreements cannot be an indicator of effectiveness.	TP office facilitates agreement process. Faculty must maintain curriculum integrity to reach an articulation agreement.	<i>Do this as plan to facilitate faculty integrity to maintain integrity.</i>
TP courses provide non-duplicative sequence linked to WNC cert, degree, and/or industry credential.	[E] POS must show exit points that include WNC cert, associate, industry cert, and/or baccalaureate.	TP office will work with HS POS development so that WNC exit points are accurately represented.	
Encourage student participation in HS CTE program of study.	[T] Affirm a new image for Tech Prep and CTE, college and career readiness for all students.	TP and Info/Mrkt office has branded Tech Prep's link to WNC degree and career skills.	<i>Best effort - (copy) do this as way to ensure effectiveness.</i>
Promote the TP linkage between HS POS & WNC programs.	[I] Continue efforts to improve communication between WNC and HS.	TP maintains a consortium team, student outreach, college events, and professional development.	
Facilitate TP student transition to WNC.	[T] More students earning TP credit means more students attending WNC.	TP seniors that are considering WNC now participate in the BTS program.
