

Beginning Computer Classes for Advanced ESL Students and the Latino Community

Would you like to learn how to use a computer in a comfortable environment? WNC invites you to register for Computer Application classes for adults. Learn the basic steps of how to create files, navigate on the internet, create an e-mail account (to communicate with your family in your country) and much more! Take advantage of these classes that will be offered with assistance in English and Spanish (English skills are recommended).

\$39.25 for Nevada Residents • 1/2 credit each course

\$15 application fee for new students
