Total Transferable Hours from WNC = 89.00

Total Excelsior College Hours = 32.00

TOTAL DEGREE PROGRAM HOURS = 121.00

Note on Depth Requirement

This program requires one depth area. A depth consists of 9 credits in one arts & sciences academic discipline, of which 3 hours must be upper level. For this program, Excelsior recommends a depth in **Biology**, **Psychology**, or **Sociology**. For **Biology**, students have enough credit at the

lower level. For **Psychology** or **Sociology**, students should complete one additional lower level course at WNC as part of their arts & science electives.

This transfer guide is provided for informational purposes only and does not guarantee requirements to complete degree. Requirements will be based on actual coursework taken by any individual student.

Excelsior puts no limit on the number of credits a student can transfer as long as that of credit meets degree requirements and comes from a recognized source. Therefore, any credit completed in addition to those pursued with WNC, and that meets a degree requirement, will be considered for transfer. However, as part of the Excelsior/WNC partnership, students are required to take a minimum of 12 credits in Excelsior College coursework.

The first step in becoming an Excelsior College student is to apply by submitting an Undergraduate Application, which requires the inclusion of all official transcripts of prior college credits. Once an application is reviewed, an evaluation summary outlining what is still needed to complete this degree will be provided to the student. Upon receiving the results of this report, a student may enroll at any time. To apply to Excelsior College please visit <http://ccpartnerships.excelsior.edu>
