✕ The Campus Security Act was amended in 1998. Any marked increase across years or in the revised statistics from previous years can be accounted for by the fact that the geographic boundaries for reporting were greatly expanded in 1998, and reporting of drug, alcohol, and weapons violations has also been broadened to include not only arrests but also disciplinary referrals.

† Indicates the number of reported occurrences by or involving students, faculty, staff, campus guests, visitors and/or the public. These numbers do not include convictions.

\* Campus is defined as any building or property within the same contiguous area, owned or controlled by the institution. This category includes all on-campus incidents, including those listed in the category below, "in dormitories or other residential facilities." Therefore, the two categories are not cumulative, but duplicative.

\*\*\* Public property is defined as property that is adjacent to a facility owned or controlled by the institution.
